### QUESTION

#### Pix Gallery Photo Naming Convention

Question posted Yesterday by [PhoneBill](#)

6 Views, 2 Comments

**Question Title:** Pix Gallery Photo Naming Convention

**Comment:** [Good Afternoon,](#)

[I have an older Razr 3v with service via Verizon Wireless.](#)

[My PIX Gallery has plenty of photos and the names of the photos are 2 groups of numbers. Can I change these numbers to something more representative of the photo? I know I can change the name once they are off the phone but can I change them while they are on the phone?](#)

[Also, what do the numbers represent?](#)

[Thank you,](#)

Typically images are named in a numeric fashion with increasing integer. Sometimes a date is included as well. Can you give some examples and I can help you decipher it.

img\_Integer\_YYYYMMDD\_HHMMSS.jpg is an example of an image name I have seen before where it gives the date and time the image was taken.

Mark,

Thanks for the quick reply.

Here are a couple of photo names on my phone. 022312\_14111 & 081711\_07591.

Based upon your reply I see the date but not sure about the next 5 digits. Knowing it's the date helps a great deal but is there anyway to change the date to something like 'LisaGift'?

Thank you very much,

Bill
