

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

February 18, 2014

Ms. Ann Ragsdale
Legal Department
Harris County Sheriff's Office
1200 Baker Street
Houston, Texas 77002

Dear Ms. Ragsdale:

The Office of the Attorney General (the "OAG") has received a complaint from Mr. Bill Kenny alleging that the Harris County Sheriff's Office has failed to respond appropriately to a request for information. The complaint was assigned ID# 517298.

The Public Information Act (the "Act"), chapter 552 of the Government Code, requires a governmental body to release requested public information that it collects, assembles, maintains, or has right of access to, or to request a ruling from this office as to the applicability of exceptions to the Act. Our records do not indicate that a request for an attorney general's decision has been made in accordance with section 552.301 of the Act.

The OAG has civil enforcement authority under the Act. Although our office takes that responsibility seriously, we prefer to work with the parties to try and resolve complaints informally if at all possible. The easiest way to resolve this open records complaint is to release the information that was requested, provided that the requested information is not confidential by law.

Please contact an enforcement attorney with the Education and Enforcement Section of the Open Records Division within five business days at (877) 673-6839 or at (512) 936-6736 to discuss the resolution of this situation. If the requested information has been or will be released to the requestor, please so indicate by completing the top portion of the attached certification form. In the alternative, if you have no information responsive to the request, please so indicate by completing the second portion of the attached form. Similarly, if you believe that responsive information is excepted from disclosure and have requested or will

request an attorney general's decision, please indicate that on the attached form. The form may be sent by facsimile to the Education and Enforcement Section at (512) 481-1992.

Thank you for your prompt attention to this matter.

Sincerely,

Education and Enforcement Section
Open Records Division

Good afternoon,

I've been working this exposing injustice for almost 2 years now and it has taken several twists and turns. However, I have finally peeled back the onion skins to the source.

I need help again with my open records request with Harris County.

IAD is supposed to be the monitoring body with in HCSO, unfortunately IAD is involved and directing a cover up that started with the original predetermined IAD investigation that protected HCSO personnel that have broken the laws they are empowered to enforce. I brought these mistakes to IAD/HCSO attention and instead of correcting the problem they made it worse and involved more HC personnel. IAD has taken the law into their own hands, become judge and jury, broken laws, framed an innocent citizen, all to cover up their original mistakes.

Ms. Fillion states 'All responsive records have been provided to you', this is not accurate. I might not be asking for this properly or there may be some other technicality, or the data has been destroyed or filed under a bogus catchall case or something entirely different. However, it does/did exist and I'd like unaltered copies.

I'm requesting data from the same agency that I'm accusing of corruption. I know IAD is corrupt, I have 1st person knowledge, I have evidence and attempting to gather more to prove that IAD cannot be trusted. How can you confirm the data they present is unaltered? I question the 911 call they provided which TXAG #456505 ruled to release. I'm dealing with employees who have the authority to modify existing documents.

Anyway, I would appreciate your help or please correct me if I'm wrong.

Thank you for your time,

Bill Kenny
