Dear Ms. Tise,

I was hoping you would have returned my calls or responded to my emails after talking to Mr. Durfee because now you know HCSO has been able to conceal criminal activity in case HC12-21366. In order to accomplish this obstruction of justice many Harris County employees knowingly, willingly, & intentionally broke the law and framed an innocent citizen to hide their crimes.

All systems have checks and balances, trust but verify. The checks and balances flag problems, in case HC12-21366 the checks and balances are the problem. HCSO provided conclusions when initiating investigations related to HC12-21366. HCSO provided HCDA falsified data in order to control HCDA outcome by two HCADA in the same case.

Framing an innocent citizen by powerful corrupt public officials is evil, illegal, and unacceptable. HCSO applies the law except when it comes to them. In HC12-21366 HCSO administrations refused to investigate Inspector Thomas twice to prevent exposing IAD corruption in #12-0081-0305. Powerful members of HCAO, HCDA, and HCSO organized to prevent justice in this case.

Enclosed CD contains recent history and supporting documentation of activity with Mr. Durfee & TXAG, also there is some interaction with HCSO and HCAO.

HC employees have violated oath, broke laws they control, and framed an innocent citizen to cover up crimes. It would be best to resolved this legally and I look forward to working with you to bring these corrupt bastards to justice.

Thank you for your time,

William F. Kenny
