Dear Sheriff Hickman,

Congratulations becoming Harris County Sheriff, huge authority with huge responsibility. Wish you well but do not envy you.

The purpose of this letter is to inform you that **you walked into a crime scene**. Your direct subordinates made a wrong turn and instead of correction they chose corruption. Besides being illegal this is disgraceful. I'm not talking about dirty cops, these are dirty administrators.

IAD has able to unify the separation of powers and circumvent the checks and balances in Harris County; **you must provide the oversight that has been lacking**. This case is an iceberg; the cancer is spreading to more and more HC employees. IAD administrators have piled crime on top of crime to maintain this cover-up. This house of cards cannot support the weight of truth.

You are walking into an IAD cesspool, they are above the law. I pray for legal resolution, I am right but do not want to be dead right. I've been framed for a crime I did not commit.

I've been going thru the chain of command expecting someone to right this wrong now it's your turn to **expose or condone corruption in Harris County Sheriff's Office**.

I briefly spoke to Deputy Chief Cannon two weeks ago and gave him a one page letter pertaining to this matter. See encl.

Thank you for your time,

William F. Kenny
