Dear Ms. Harden,

Enclosed are the comments I provided to TXAG re: ID#560033. AAG Ms. Godden, for some unknown reason, though my comments were supplied by Harris County District Attorney (HCDA) so after she ruled she returned my comments to HCDA. That misunderstanding would have a direct influence on anyone's conclusion in ID#560033. Because the documents requested were already in the possession of the requestor, the ruling according to Joel White would have been different.

I'm supplying my documents and CD HCDA Mr. Durfee received from AAG/Ms. Godden. Now your records can be complete and accurate.

Just a couple oddities

HCDA stated they did not receive Supplement #4 from TXAG so I included the version I have. Also, the CD envelope has open records receive stamp but shows a different case ID#561467. I get a 'not found' condition when I search that ID. I don't know the relationship between the 2 cases. I'm sure Ms. Godden knows the answer but for some unknown reason TXAG won't let me ask her questions.

If you have any questions please do not hesitate to contact me.

Thank you for your time,

William F. Kenny
