Dear Mr. Durfee:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 560033.

The Harris County District Attorney's Office (the "district attorney's office") received a request for supplements 2 through 5 to a specified incident report. You claim the submitted information is excepted from disclosure under section 552.108 of the Government Code. We have considered the exception you claim and reviewed the submitted information. We have also considered comments submitted by the requestor. *See* Gov't Code § 552.304 (interested party may submit written comments stating why information should or should not be released).

Initially, we note some of the submitted information in Exhibit C, which we have marked, is not responsive to the present request because it does not consist of the requested supplements to the specified incident report. This ruling does not address the public availability of non-responsive information, and the district attorney's office need not release non-responsive information to the requestor.

Section 552.108(a)(2) of the Government Code excepts from disclosure information concerning an investigation that concluded in a result other than conviction or deferred
